Fan Testimonials...

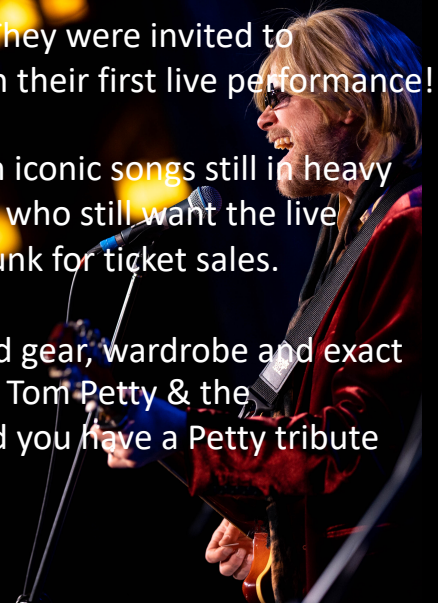

- "I've seen other Petty tribute bands, but Being Petty is next level. Hands down the best."
- "The way you were dressed, sound, mannerisms.... you really did give us the Tom Petty experience!"
- "The entire band was amazing. There were moments that gave me chills..."

Being Petty has been amazing audiences since the spring of 2022. They were invited to participate in a Tribute band festival in an 8,000 seat arena based on their first live performance!

Tom Petty remains one of the most marketable artists in music, with iconic songs still in heavy rotation on radio. Tom's death in 2017 left a gap for millions of fans who still want the live concert experience. For this reason, a Being Petty show is a slam-dunk for ticket sales.

Being Petty is unmatched in quality, using authentic instruments and gear, wardrobe and exact reproductions of the songs, tones, energy, mannerisms and voice of Tom Petty & the Heartbreakers. Add in the larger than life multimedia backdrop, and you have a Petty tribute experience like no other.

Being Petty is the tribute band that will make you believe...
